

"Three Wishes"

Words and Music by Monroe Alfrey

Go go little yellow fishes
Swim to the bottom of the big green sea
If I had three wishes
We would live as a family
I'd swim down to the bottom to see you
You'd play up on the shore with me
Go go little yellow fishes
Swim to the bottom of the big green sea

Go go little red birdie
Fly so high in the big blue sky
If I had two wishes
We would never say goodbye
Cause I love you and you love me
And we would all live together
In the family tree

Go go everybody
Go and sing your favorite song
If I had one wish
Then everybody would sing along
I'd sing to you; you'd sing to me
And we'd all sing together in harmony
Go go everybody
Go and sing your favorite song
